Tipping is customary but not compulsory. Guides and drivers rely on tips as part of income, and camp staff pools are shared.

A common approach is a daily amount per guest for the guide and a smaller daily amount for the general staff pool, paid at the end of the stay in cash. Currency flexibility Masai Mara safari from Nairobi helps: Kenyan shillings or US dollars in clean notes.

Do not tip per sighting, and do not feel obliged to reward a guide who ignored safety or requests. Ask the camp manager how the staff masai mara day trip from nairobi pool works so the money reaches the people who served you. Guidance is at %LINK%.
