A novelty ID is designed strictly as a prop, toy, or collectible. **It is illegal to use a novelty license to misrepresent one's identity, attempt to go through security checkpoints, open savings account, purchase age-restricted goods, or trick police.**

2. Distinguishing Marks

Trustworthy novelty makers often integrate subtle design distinctions, unique disclaimers (such as "NOT A GOVERNMENT DOCUMENT" printed on the reverse or ingrained in the style), or leave out specific high-security micro-elements to make sure the product can not be mistaken for a real legal authorization.

3. Legal Consequences of Misuse

Attempting to utilize a fake, novelty, or transformed recognition file for main purposes is a serious criminal offense in Belgium and throughout the European Union.
