As the ball falls, it bounces randomly off the pegs until it lands in among the slots at the bottom. Each slot represents a particular multiplier. If the ball lands in a high-multiplier slot, the player wins a considerable payment. If it lands in the center or near-center slots (depending on the layout), the payment might be less than the preliminary bet.

Unlike conventional table games like poker or blackjack, Plinko requires no skill or memorization of complex guidelines, making it widely accessible to both novice and veteran bettors.
