Types of Fences Used by Fence Contractors

Timber Paling Fences

Timber paling fences are a popular choice among property owners due to their natural look and versatility in style. These fences can be painted or stained to match any home's exterior while also providing excellent privacy.

- *Advantages:*
- Aesthetically pleasing
- Customizable with paint or stain
- Affordable compared to other materials
- *Disadvantages:*
- Requires routine maintenance
- Can be prone to rot if not dealt with properly

Colorbond Fences

If you're trying to find durability without compromising design, Colorbond fences are an outstanding choice. Made from steel covered with a protective layer, these fences come in numerous colors and styles.

- *Advantages:*
- Extremely resilient versus severe weather condition conditions
- Low maintenance
- Variety of color alternatives available

- *Disadvantages:*
- Higher upfront cost than timber
- Limited customization compared to wood options

Aluminium Blade Fences

Aluminium blade fences use a modern-day look while providing boosted security for your property. Their streamlined design makes them perfect for contemporary homes.

- *Advantages:*
- Lightweight yet strong
- Rust-resistant
- Available in various designs
- *Disadvantages:*
- Higher cost than conventional wood options
- Can become hot under direct sunlight

Aluminium Slat Fences

Similar to aluminium blade fences but with horizontal slats, these structures develop a trendy appearance while permitting airflow through gaps between slats.

- *Advantages:*
- Stylish look
- Provides great presence without sacrificing privacy
- *Disadvantages:*
- May not be as safe as strong panel fences
- Installation might need more precision due to slat spacing

Tubular Metal Fences

For those focusing on security above all else, tubular metal fences provide an ideal service. Made from robust materials, they discourage burglars efficiently while including a commercial charm.

- *Advantages:*
- High level of security
- Long-lasting durability
- *Disadvantages:*
- Limited privacy unless combined with other products
