What is a CS: GO Case Battle?

At its core, a case battle is an interactive game mode hosted on third-party skin trading and betting sites. Typically, when a player buys a case and a type in CS: GO, they open it alone. A case battle changes this by introducing competitors.

1. **The Setup:** Two or more players (usually between two and 4) enter a lobby and concur on a particular set of cases to open.
2. **The Buy-in:** Each player pays the overall cost of the selected cases from their site balance.
3. **The Unboxing:** The players open the cases concurrently in rounds. As each case is opened, the monetary value of the dropped skin is exposed in real-time.
4. **The Winner:** At the end of all rounds, the overall worth of all skins pulled by each player is determined. The gamer with the highest cumulative worth wins all the skins dropped in the battle.

If a gamer gets fortunate and pulls an unusual knife, they can solitarily rescue a losing streak and leave with the whole reward swimming pool-- including their opponents' drops.
