For those curious about why this virtual plane has caught the hearts of Kenyan punters, this thorough guide checks out how the game works, methods gamers utilize, and how to enjoy it properly.

What is the Aviator Game?

Developed by Spribe, Aviator is a social multiplayer game coming from the "crash game" category. Unlike traditional slot machines with spinning reels or table video games with complicated guidelines, Aviator is developed around a rising curve that can crash at any time.

The property is simple:

1. **An aircraft takes off**, and with it, a multiplier coefficient begins to increase.
2. **Gamers put a couple of bets** before the round starts.
3. **The goal is to squander** before the fortunate plane flies away (crashes).
4. If a player cashes out in time, they win their stake increased by the current coefficient. If the aircraft flies away before they cash out, the bet is lost.

This mix of timing, psychology, and threat management has actually made it a staple throughout nearly every major wagering site in Kenya.
