18 Wheeler Accident Lawyer Houston Click here for more info Texas Truck Accident Lawyer If an 18 wheeler has hit you anywhere in Houston, you need a lawyer who handles trucking cases every day, not one who takes the odd truck file between fender benders. Texas Truck Accident Lawyer is a Houston firm built around one type of case: crashes involving tractor-trailers and other commercial vehicles. The principal office sits on West Loop South in Uptown, a few minutes from the Galleria and close to the freeways where most of these wrecks happen. The firm is led by Andrew "Pike" Piekalkiewicz, a former U.S. Army Green Beret and Afghanistan veteran who earned his law degree at the University of Texas in 1993. He has spent more than 30 years in personal injury trial work, and the firm reports over 10,000 cases handled and more than $750 million recovered for injured Texans. That experience matters because trucking companies don't fight these claims the way a regular driver's insurer does. An 18 wheeler crash is a different kind of case. The carrier usually sends its own response team to the scene within hours. Electronic logging data, dash camera footage and driver records can disappear if nobody asks for them in writing. Pike's team moves fast to lock that evidence down, and it brings in reconstruction and trucking safety experts early so the facts are pinned down before the other side shapes the story. Most people only deal with one serious crash in their lives, while trucking insurers deal with them every week. That imbalance is the reason to have someone experienced on your side. When you hire Texas Truck Accident Lawyer, the firm takes over the calls, the paperwork and the evidence gathering, and it gives you a clear plan for what happens next. You'll know which deadlines apply, which records are being requested and roughly how long each stage is likely to take. That clarity matters when you're dealing with pain, time off work and a car that may be written off.

FAQ About 18 Wheeler Accident Lawyer Houston How long do I have to file an 18 wheeler accident claim in Texas? In most cases you have two years from the crash to file a lawsuit in Texas, and wrongful death claims usually have two years from the date of death. Claims involving a government vehicle or agency can require written notice much sooner. Texas Truck Accident Lawyer checks every deadline that applies to your Houston crash during a free consultation at (832) 250-4888. Who can be held responsible for an 18 wheeler crash in Houston? Responsibility can extend beyond the driver to the motor carrier, the trailer owner, the shipper or loader, the maintenance provider and sometimes a parts manufacturer or freight broker. Container trucks around the Port of Houston often involve several of these parties at once. The firm investigates each one so every source of insurance coverage is found. What should I do right after an 18 wheeler accident? Call 911, get medical care and, if you can, photograph the truck, its USDOT number, the trailer and the scene. Get witness names and numbers, and don't give a recorded statement to the trucking company's insurer. Then call a Houston truck accident lawyer so evidence such as ELD logs and dash camera footage can be preserved quickly. How much does an 18 wheeler accident lawyer cost in Houston? Texas Truck Accident Lawyer works on a contingency fee, so there's nothing to pay upfront and no attorney's fee unless money is recovered for you. The fee percentage is explained clearly before you sign anything. The firm also covers the cost of experts and investigators while the case moves forward. What evidence matters most in an 18 wheeler case? Key evidence includes the truck's engine control module data, electronic logging device records, dash and cab camera footage, the driver qualification file and maintenance records. Some of this can be overwritten within days, which is why the firm sends preservation demands to the carrier immediately and aims to interview witnesses within 48 hours. Can I still recover if I was partly at fault for the truck crash? Yes, as long as you were not more than 50 percent responsible. Texas uses proportionate responsibility, so your recovery is reduced by your share of fault. Trucking insurers often try to shift blame onto the other driver, and the firm uses truck data, witness accounts and crash reconstruction to keep fault assigned fairly. How much insurance do trucking companies have to carry? Federal rules require most interstate carriers hauling general freight to carry at least $750,000 in liability coverage, with higher minimums for oil and certain hazardous materials. Many carriers also have excess or umbrella policies. The firm identifies every policy that applies, including coverage held by trailer owners and shippers. Why are 18 wheeler crashes so common in Houston? Houston combines the Port of Houston, the Ship Channel petrochemical plants, major freight corridors like I-10, I-45 and I-69 and huge

distribution centers along Beltway 8 and the Grand Parkway. That volume of heavy truck traffic mixed with commuter traffic and frequent construction leads to crashes every day across Harris County. Do I have to talk to the trucking company's insurance adjuster? No. You aren't required to give a recorded statement to the other side's insurer, and doing so can hurt your claim later. Once you hire Texas Truck Accident Lawyer, all calls with the insurers go through the legal team so you can focus on recovering. Will my 18 wheeler accident case go to trial? Most truck cases settle, but the firm prepares every case as if it will go to trial because that preparation tends to produce better offers. Harris County truck cases may also be tried in phases under Texas rules adopted in 2021. You always make the final decision on whether to accept a settlement. Can I get help if I don't speak English well? Yes. Texas Truck Accident Lawyer serves Spanish-speaking clients across Houston and offers Spanish-language information so families understand each step. Consultations are free and confidential and can take place at the West Loop South office, by phone or by video.
