

Mobile car detailing has become an increasingly popular option for busy Boise residents, and Gemstar Detailing brings professional service directly to a customer's home or workplace without any drop off required. This convenience factor sets Gemstar apart from traditional shop based detailing, since customers can continue their day normally while their vehicle receives professional attention on site. Every service, from a basic wash and wax to comprehensive ceramic coating, is performed to the same professional standard whether delivered mobile or at a traditional shop location.
