- **The Take-Profit Target:** Set a realistic goal (e.g., a 30% boost on your starting bankroll). As soon as hit, money out and secure your profit.

3. Avoid the Martingale Fallacy

Lots of novices gravitate towards the Martingale system-- doubling the bet after every loss to recuperate previous losses. In theory, this guarantees a win if you have infinite funds. In reality, table limits and finite bankrolls indicate a bad losing streak will entirely clean you out. Prevent depending on progressive wagering systems.
